## Product Features

**Stihl Motomix 5l** is an optimised 1:50 premixed fuel for all Stihl engines. The patented fuel formula and Stihl HP Ultra engine oil ensure maximum performance and offer a consistent level of protection for the internal components. In addition to ease of handling and environmental benefits, three key aspects are at the centre of Stihl fuels - people, machines and the environment.

Reduced emissions, a ready-to-use mixture and suitable for long term storage: Stihl MotoMix works for you.

Highly practical:

- Petrol fumes are virtually free from olefins and aromatic hydrocarbons (e.g. benzene)
- Burns cleanly
- The fuel is premixed so no calculations are required
- Shelf life of up to 5 years in suitable storage conditions\*
- Can be easily reused, even after longer periods of downtime

\* in technically approved containers with an airtight seal. In dry, dark storage conditions at a room temperature of max. 20°C
