**~~£452.00~~ £385.00**

Product Type: **Petrol Handheld**  
Brand: **Honda**

## Product Features

### Honda UMS425 LN 25cc Bent Shaft Petrol Strimmer

Designed to deliver precise trimming and control.

The UMS 425 LN is powered by a quiet 25cc 4-stroke engine and is the lightest brushcutter in the Honda range.

These brushcutters will make light work of unkempt undergrowth and hard to reach areas around the garden. With its bent shaft, it allows you to access tricky areas of rough grass, which can't be reached with conventional lawnmowers, as they struggle.

This Honda UMS 425 LN strimmer is quiet and easy to use thanks to the comfortable handles and tap and go nylon head.

The engine is so efficient that the UMS 425 LN can operate at full power, without rest for over an hour before needing to be refuelled.

Honda UMS425 LN 25cc Bent Shaft Petrol Strimmer is available for home delivery or FREE click and collect from any of our [five branches](#).
