~~£822.00~~ £699.00

Product Type: **Petrol Handheld**
Brand: **Honda**

Product Features

The new Honda UMK450 XE is designed to work as hard as you do, delivering reliable, constant power in the most demanding environments.

Powered by a new 4-stroke 2hp GX50 engine that combines low fuel consumption with high torque when you need it, allowing you to work more efficiently for longer. It's easy to start and a joy to use, with an improved harness with anti vibration system*, a choice of bike or loop handle and an ergonomically designed grip. Whilst a new nylon blade and choice of a 3 tooth metal head make light work of any job. The new UMK 450, ready when you are.

Manoeuvrable, versatile and interchangeable.

These brushcutters will make light work of unkempt undergrowth and hard to reach areas around the garden. With our brushcutter range, there will be no stubborn undergrowth left to hide.

You can confidently go where no other brushcutter can, with our extremely reliable 4-stroke garden tools.

Our brushcutters also feature an extraordinary type of non contact bearing - so special, it is even used by the likes of NASA. These bearings are known for their resistance to dust contamination, are fantastic for high speed work but are also extremely quiet.

Honda UMK450 XE is available for home delivery or FREE click and collect from any of our [five branches](#).
