

HONDA HRX476 VY 47CM VARIABLE SPEED PETROL LAWN MOWER

~~£1,260.00~~ £1,130.00

Product Type: **Walk Behind Mowers**
Brand: **Honda**

Product Features

Honda HRX476 VY 47CM Variable Speed Petrol Lawn Mower with increased performance and reduced noise level

The Honda HRX476 VY is a **self-propelled lawn mower** that makes mowing even the largest of lawns effortless. For the more complex garden with slopes or rough terrain, the **Smart Drive** variable speed technology lets you adjust the speed of the self-propulsion with a simple finger press - literally putting control in your hands.

The Honda mower comes with the latest Euro 5-compliant four-stroke engine. It provides class-leading power and torque, with improved fuel efficiency and easy starting even after winter storage. The reduction in parts and the engine redesign has this lawnmower **up to 2kg lighter than its predecessor**. These changes have resulted in **increased power, fuel efficiency, reliability and manoeuvrability**.

The Roto-Stop **blade break clutch** lets you stop the blades but leave the engine running. This allows you to **traverse gravel and driveways without losing self-propulsion** or damaging the mower.
