

HONDA HRX537 VY 53CM VARIABLE SPEED PETROL LAWN MOWER

~~£1,530.00~~ £1,380.00

Product Type: **Walk Behind Mowers**
Brand: **Honda**

Product Features

Honda HRX537 VY mower for effortless mowing experience.

The HRX537 VY is a **self-propelled** lawn mower that makes mowing even the largest of lawns effortless.

Is your garden more complex with slopes or rough terrain? Honda has the solution with their **Hydrostatic variable speed technology**. It is unmatched in quality and gives you great accuracy and **smooth, analogue speed control**. Plus it is not limited by rigid stepped speed settings. Honda's Hydrostatic drive offers truly variable speed for **ultimate control**.

The fine level of control is matched in the machine's finesse. It is fitted with a patented **low noise blade**, designed to be quieter than standard mower blades.

The HRX 537 VY packs in all of the great innovations you would expect from a Honda product. An easy-to-operate fuel cap is designed for ease of use - and the ratchet system ensures it **cannot be over-tightened**. The mower itself is **highly durable**, and the blade is designed to twist rather than break in case of impact - meaning that you won't have to replace the entire mower if an accident occurs, just swap the blade out and continue mowing.
