

STIHL MSA220 C-B CORDLESS CHAINSAW 14" (TOOL ONLY)

£434.00

Product Type: **Battery Handheld**
Brand: **STIHL**

Product Features

The Stihl MSA220 C-B Cordless Chainsaw is the most powerful cordless chainsaw to date. Sitting above the MSA 200, this saw uses the brand new AP 300 S to provide the highest cutting performance of a cordless saw and allows the machine to be used for professional work alongside other professional cordless tools in the Stihl AP System.

Perfect for landscapers, councils, farmers, forestry workers, loggers and private users – this cordless chainsaw is an ideal choice for wood care, small-sized timber felling, limbing, clearing young trees, timber construction, firewood sawing and use alongside a chipper.

The MSA 220 has fantastic performance when used in conjunction with the AP 300 S. With a chain speed of 24 m/s, the EC Motor allows for fast acceleration of the saw so chain speed can be quickly picked up when needed. This machine can be used in the rain so it is ideal for the British climate throughout the year. Tensioning the chain is easy and can be done without the need for a tool.

Working time with the AP 300 S battery is up-to 37 minutes.

Stihl MSA220 C-B Cordless Chainsaw is available for home delivery or FREE click and collect from any of our [five branches](#).
