

STIHL RMA253 CORDLESS LAWN MOWER (EXCLUDING BATTERY & CHARGER)

~~£460.00~~ £415.00

Product Type: **Battery Handheld**
Brand: **STIHL**

Product Features

The Stihl RMA253 Cordless Lawn Mower is perfect for home gardens with medium-sized lawns. Quiet, easy to manoeuvre and simple to use. The RMA253 is a functional, robust, steel decked mower which can cut lawns quickly and efficiently.

Simple to use, lightweight and easy to push around the garden; a sizeable 55-litre grass box with a fill level indicator means you can spend more time cutting and less time emptying. A spring-loaded central cutting height adjustment allows for easy switching between seven stages, from 25 to 75mm. The direct-drive EC motor is powered by an AP System battery and has ECO mode built-in for when full power is not required. The foldable handlebar makes it easier to store in the garage or shed, and the grass box is easy to remove to make it more compact.

The AP System battery is fully interchangeable with all other machines in the AP System, allowing for flexible working in your garden. LEDs on the battery also show you the charge status at any time at the push of a button - so you can easily keep track of how much power you have left.

Stihl RMA253 Cordless Lawn Mower is available for home delivery or FREE click and collect from any of our [five branches](#).
