

STIHL HSE81 ELECTRIC HEDGE CUTTER

~~£330.00~~ **£275.00**

Product Type: **Electric Handheld**
Brand: **STIHL**

Product Features

The top-of-the-range STIHL HSE81 Electric Hedge Cutter

STIHL HSE81 Electric Hedge Cutter comes with a **high-powered 650-watt engine** and **cable strain relief**. This stops the cable from being pulled and accidentally disconnected.

The five-position rotary handle allows for flexible, comfortable cutting. You can select from five different settings between 0 and +/- 90 degrees to suit the job at hand.

The transparent hand guard gives you a clear view of the blades so you can see exactly what you're cutting, whilst the longer blade helps you get the job done quickly.

Extra blade length with the dual ground, diamond-finished blade system. This means that blades are extra **durable and stay sharper for longer**. Large tooth spacing on the blade is **ideal for cutting thicker branches**.

STIHL HSE81 Hedge Cutter is known for high torque and **quiet running performance**. This power tool comes with a 70cm cutting blade.
