

# BRUDER FENDT 936 VARIO TRACTOR WITH LOADER 1:16 SCALE MODEL

**£55.00**

Product Type: **Fendt Merchandise**  
Brand: **Bruder**

## Product Features

This Bruder Fendt 936 Vario Tractor model has the same features as the other models of Bruder's line of large tractors, i.e. a fully glazed cabin with opening doors, a detachable front load, an off-road full floating front axle, and a height-adjustable drawbar coupling. Thanks to its unique play/steering system featuring a steering wheel that is extended through the cabin roof, this tractor can easily be handled by children despite its fully glazed cabin. This tractor can, of course, also be hooked up to all farming trailers and agricultural equipment sold by Bruder.

Bruder Fendt 936 Vario Tractor with Loader is available for home delivery or FREE click and collect from any of our [five branches](#).
