Product Type: **Massey Ferguson Merchandise**

Product Features

Just like all Profi series tractors, this true-to-the-original Bruder MF 7480 with Tipping Trailer can also be fitted with a clip-on front loader and with twin tyres (neither included). The engine block can be viewed when the engine bonnet is opened. The off-road front axle can be steered directly both via the steering wheel in the driver's cab and via an enclosed steering rod extension which the children can insert onto the steering wheel through the sliding roof in the driver's cab. The rod assembly causes the tailgate to open automatically when tipping the trough. The opening rod assembly can be changed so the tailgate stays closed when tipping. The grain outlet slide can be opened. Tread tyres complete the picture.

Manufactured from high quality plastics such as ABS.

Recommended age: suitable from 3 years upwards for playing indoors and outdoors. WARNING: not suitable for children under 36 months. Choking hazard - small parts.
