The Big Cheese® **Rat & Mouse Bait Station** has been developed for use with all types of bait. By law, if you are treating either a mouse or rat infestation using bait, a tamper-resistant bait station (like this one) must be used. The recommended bait for use with this station is the Home Choice bait range from The Big Cheese. This re-usable unit is weather-proof and lockable to ensure protected treatment of affected areas.

- Compact, tamper-resistant bait station with lockable lid helps protect children and pets from contact with bait (not included).
- Easy set-up and durable design for use indoors and out.
