

AUTOGLYM INTENSIVE TAR REMOVER

£11.50

Product Type: **Car Products**
Brand: **AutoGlym**

Product Features

Autoglym Intensive Tar Remover

During warm weather the road surface can disintegrate and small specks of tar are flicked onto your car and can be difficult to remove with shampoo alone. These spots show up especially well on light coloured cars and can spoil the look of a clean car.

Intensive Tar Remover can be used on the exterior of your car to remove tar spots, adhesive residues, fuel stains and tree sap.

Autoglym Intensive Tar Remover can be used on the interior of your car to remove ink, chewing gum, glue residue and oil stains from seats, carpets and hard surfaces.

Pro Tip: Use to remove polish and wax residue from rubber and plastic trim.

Available for home delivery or FREE click and collect from any of our [five branches](#).
