

AUTOGLYM MAGMA 500ML

£15.00

Product Type: **Car Products**
Brand: **AutoGlym**

Product Features

AutoGlym Magma 500ml

Your vehicle is under constant attack from airborne contaminants. Many of these are tiny particles of iron that appear as specks on paintwork and brake dust on wheels, dulling their shine. The active ingredients in Magma turn red as they react with these iron particles to safely loosen them from the surface to be easily rinsed away.

Available for home delivery or FREE click and collect from any of our [five branches](#).
