

AUTOGLYM ULTRA DEEP SHINE - 500ML

£22.50

Product Type: **Car Products**
Brand: **AutoGlym**

Product Features

Autoglym Ultra Deep Shine is a polish for use on black and dark coloured cars suffering from excessive swirling, fine scratches or holograms.

It is an 'all-in-one' formula that polishes and protects in one. For this reason Ultra Deep Shine should not be followed by Extra Gloss Protection, Ultra High Definition Wax or Ultra High Definition Coating.

Pro Tip: Do not allow the product to dry onto the paintwork for a long time, apply to a panel, allow to dry, then buff off immediately. If Super Resin Polish is used there is no need to use Ultra Deep Shine.

Available for home delivery or FREE click and collect from any of our [five branches](#).
