Product Type: **Footwear**  
Brand: **Grubs Boots**

## Product Features

The Grubs Highline Wellington Boots are a classically styled full rubber wellington with side bellow to allow width adjustment around the calf. They feature a Super Dri Lining that uses thousands of moisture wicking fibre loops that cosset the foot and wick away moisture keeping the wearer dry and comfortable. Combined with Insu-Foam Ultra to provide an unequalled comfort range without sweat and heat build up.

The Grubs Highline Wellington Boots have the following features:

- Trak sole pattern - deep tractor like tread gives powerful traction on soft ground with prominent heel for downhill braking.
- Hexzorb Technology - insert in the heel that acts like shock absorber and reduces impact pressure on hard surfaces.
- 6mm Nitrocell Footbed - provides both cushioning and also insulation from the cold.
- Comfort Rating -10°C to +20°C.

Available for home delivery or FREE click and collect from any of our [five branches](#).
