

# STIHL FS94R C-E BRUSHCUTTER

~~£499.00~~ **£390.00**

Product Type: **Petrol Handheld**  
Brand: **STIHL**

## Product Features

### Stihl FS94R C-E Brushcutter is light and comfortable to use

This Stihl FS94R C-E Brushcutter is super light and features a 2-stroke engine with Stihl's enhanced technology. It delivers more power with a lower weight, **up to 20% lower fuel consumption** than regular 2-stroke engines and significantly reduced exhaust emissions.

The transparent fuel tank with a volume of 0.75 l ensures **long working intervals with fewer fuel stops**. The level is easily visible from the outside. Easy to refuel through a large, easily accessible tank opening.

This brushcutter also features **Stihl ErgoStart system**. It cuts the effort required to start the tool by half, while the starter cord can be pulled at just one-third of the normal force. A coil spring between the starter cord and the crankshaft smoothes out force peaks, making them virtually undetectable through the cord itself.

Intense vibration at the handles of power tools can lead to long-term effects on blood vessels in the hands and arms. STIHL has therefore developed an **effective anti-vibration system** whereby the oscillations from the machine's engine are dampened which significantly reduces vibrations at the handles.

## Delivery

The Stihl FS94R C-E brushcutter is available for home delivery or FREE click and collect from any of our [five branches](#).
