## Product Features

### Our new class-leading, cordless handheld range - The Honda HHB36AXB Cordless Blower

This Honda HHB36AXB cordless blower has many fantastic features including being fitted with an **EC Brushless Motor and is fully weatherproof**. Fully variable speed settings allow you to stay in complete control whilst the nose-down balance and soft-grip zone allows for optimum handling.

It comes with both a **round nozzle** for fast-moving bulk leaves or grass and a **flat nozzle** for those harder to move. To make things even easier, this product comes with a belt that comfortably holds and supports the battery whilst the product is in use.

The blower operates Honda's Universal Battery System, you can choose to use Honda's 4 or 6Ah battery which can all be charged by the fast 8A charger\*

We would recommend the 4Ah or 6Ah battery\* for this product.

## Delivery
