#### **Product Features**

# Our new class leading, cordless handheld range - Honda HHT Cordless Brushcutter

This Honda HHT Cordless Brushcutter is supplied with both a nylon head and a 3-tooth blade depending on your usage. The bike-style handle and included harness make for comfortable operation. Much like Honda's other cordless products, it is fitted with a Brushless EC Motor and is fully weatherproof for high performance.

Operating off Honda's Universal Battery System, you can choose to use 4, 6, or 9Ah battery which can all be charged by Honda's fast 8A charger\*

We would recommend the 4Ah, 6Ah or 9Ah battery\* for this product.

#### Delivery

The Honda HHT brushcutter is available for home delivery or FREE click and collect from any of our five branches.
