Product Features

Honda Izy HRG416 XB Cordless Lawn Mower for Serious Gardeners

Honda Izy HRG416 XB is capable of handling **areas of up to 450m² on a single charge**, and recharging is quick and easy with one of **Honda's fast-charging batteries**.

This mower comes fitted with a brushless EC Motor and running off a Thermo-Smart battery. This leads to a high continuous current and therefore provides a stable RPM in all conditions.

Honda's cordless lawnmower range absolutely rivals their petrol mowers. These lawnmowers are built with a durable steel frame, fully weatherproof and most importantly **low noise**.

We would recommend the 4Ah or 6Ah battery* for this product.

DELIVERY
