## Product Features

### Honda SSCL Tiller Versatool Attachment

#### One garden tool to rule them all

With multiple tool attachments, as well as extension options, it's everything your prized garden could ever need - well almost.

Get better-aired soil capable of producing healthy vegetables and plants.

Perfect for maintaining vegetable patches and garden beds, this durable cultivator attachment provides high torque for tackling the most compact soil. It has a 20cm working width which means you can be accurate when moving around beds making aerating your soil easy.

The loop handle is easy to grip and use, and the cultivator's strong blade cover adds further protection for peace of mind.

Honda SSCL Tiller Versatool Attachment is available for home delivery or FREE click and collect from any of our [five branches](#).
